BAT R/T-M Setup Software

Setup and Monitoring Software for BAT R/T Millennium Indicators

KEP introduces the new BAT R/T Millennium (BAT R/T-M) with setup software. The setup software permits users to create, save, open, download, upload, and print the setup information for a BAT R/T-M. The software connects from your PC to a the BAT R/T-M using a SMIC programming cable. The setup software let's you view the Rate and Total on your PC using the "VIEW" Tab.

Setup is simple with easy pop-up tab menu fields containing "click and choose" and "fill in the blank" setup prompts!
